
TARPSWG - REC

SEMI-ANNUAL MEETING 2020

RESEARCH PROPOSALS

- **All new studies, RESAR and non-RESAR must be submitted to the Evaluation Committee prior to the study opening**
- **Must use TARPSWG in the Title of the Manuscript**
- **Can only lead max two projects at one time**
- **Each Study has an ID number that you can refer to**
- **All completed and open studies can be found on the Website**

PUBLICATIONS TO DATE

- Radiotherapy for RPS – Cancer
- Post-op Morbidity Primary RPS Surgery – Annals of Surgery
- Post relapse outcomes after Primary RPS Surgery – Cancer
- Patterns of Recurrence after Primary RPS Surgery – Annals of Surgery
- Schwannoma – BJS
- Recurrent RPS Nomogram – Clin Cancer Res
- Whipple in Primary RPS – EJSO
- Minimum Volume Threshold for RPS – JACS
- Secondary Recurrence of Recurrent RPS – Cancer
- Virtual Biobanking – ASO
- Consensus Statement Primary RPS - ASO
- Consensus Statement Recurrent RPS - ASO
- Consensus Statement Metastatic RPS – Annals of Oncology

PUBLICATIONS IN PROGRESS/SUBMITTED

- Distal pancreatectomy and fistula in RPS – Sanjay Bagaria
- Post-op Morbidity of Recurrent RPS – Carolyn Nessim
- Mesenteric Sarcoma – Sam Ford
- Neo-adjuvant chemo in primary RPS – Will Tseng
- Change from WDLPS to DDLPS at Recurrence – Carolyn/Sanjay
- STREXIT – Carol Swallow
- Myxoid LPS – Carolyn Nessim
- PELVISARC – Marco Fiore

OPEN RETROSPECTIVE STUDIES

- Intra-abdominal Desmoid Study – Carolyn Nessim
- Ganglioneuroma Study – Jason Sicklick
- UPCOMING STUDIES:
 - DFSP – Jeffrey Farma
 - Inguinal Sarcoma – Sinziana Dumitra
 - Natural History of WDLPS – Mark Fariweather

OPEN RESAR STUDIES

- Complexity Score – Mark Fariweather
- Biopsy concordance with surgical pathology – Alex Gronchi
- Upcoming Project:
- Patterns of Care for RPS – Hayden Snow
- Anticipated vs. Actual Resection – Marco Fiore
