

Research Evaluation Committee (REC) Update

SSO Atlanta

March 20, 2024

In Progress - REC approved

Study	PI	Protocol	REB approval	DSA	Update	Manuscript
Retro Lipoma	W. Tseng + A Gronchi	Yes	Yes	Yes	Receiving data	pending
PEComa	D. Gyorki + S Apte	Yes	Yes	Yes	Closed to recruitment	pending
Spermatic Cord	J. Farma + A. Villano	Yes	Yes	Yes	Receiving data	pending
Intra-Abdo Desmoids	C Nessim + A. Grochi	Yes	Yes	Yes	Closed to recruitment	Writing
Myxoid LPS	C. Nessim + B. Purgina + C Raut	Yes	Yes	Yes	Analysing data	pending
PelviSARC	M Fiore	Yes	Yes	Yes	Closed to recruitment	Under revision for publication
Vascular Resections	F. Tirotta + S. Ford	Yes	Yes	Yes	Receiving data	pending
Surveillance Study	S. Ford + D. Maes	Yes	Yes	Yes	Receiving data	pending
DSRCT Database	S. Reijers + W. Graaf + W. vanHoudt	Yes	Yes	Yes	Receiving data	pending

New projects

Soft tissue Ewing sarcomas and undifferentiated round cell sarcomas of the retroperitoneum: retrospective multicentric TARPSWG study

PI : Alessandra Borghi, Dario Callegaro, Alessandro Gronchi, Marco Fiore

Primary objective(s):

- Overall Survival (OS), Crude cumulative incidence of local recurrence (CCI of LR), Crude cumulative incidence of distant metastases (CCI of DM)

New projects

Risk stratification for patients with First Local Recurrence of Retroperitoneal Liposarcoma- FlorRALL

PI: David Gyorki

Co-I: Eyal Mor

Primary objective(s):

- To identify novel risk factors to predict recurrence risk and tailor optimal management of patients with first local recurrence of retroperitoneal liposarcoma

Abstracts from REC studies - SSO 2024

- Allard-Coutu A, Dobson V, Roland CL Shah A, Corn S, Dumitra S, Freeman C, Callegaro D, Raut CP, Gronchi A, Nessim C. **Neoadjuvant Radiotherapy in Retroperitoneal Sarcoma (RPS): Data Dissemination and Practice Patterns Post STRASS.**

Thursday March 21 10:46am C105-106

- Fairweather M, Sulciner M, Garcia Ortega DY, Ford SJ, Iwata S, Nizri E, Quagliuolo V, Krakorova D, Nessim C, Rutkowski P, Cardona K, Wagner M, Porpiglia AS, Johnston F, Gyorki DE, Vincenzi B, Attila K, Kramer S, Blazer D, Tseng WW, Albertsmeier M, González JA, Hompes D, Wang J, Swallow CJ, Gronchi A, Raut CP. **Neoadjuvant Radiation Therapy (RT) for Primary Retroperitoneal Well-Differentiated Liposarcoma (RP WDLPS): A Transatlantic Australasian Retroperitoneal Working Group (TARPSWG) Study.**

Friday March 22, 2:14pm Georgia Ballroom

Roles of Research Evaluation Committee

- To oversee all new proposals for new consensus guidelines
- *To oversee all new proposals for new retrospective and prospective studies*
- To oversee all new proposals for new studies ~~not~~ related to the RESAR registry
- Ensure proper application of the Authorship policy
- Ensure proper application of Data Sharing Agreements

Any TARPSWG member can submit a proposal

Current and New REC members

Current members:

Markus Albertsmeier

Waddah Al-Rafaie

Joel Beane

Ken Cordona

Sinziana Dumitra

Jeffrey Farma

Samuel Ford

Mai-Kim Gervais

Giovanni Grignani

Valerie Grignol

David Gyorki

Nikolaos Memos

Carolyn Nessim

New members:

Paul Adriazola

Tom Chen

Fahima Dossa

Shintaro Iwata

Tanvi M Shah

Joel Shapiro

William Tseng
